Description: The instant New York Times bestseller.A brilliant recasting of the turning points in world history, including the one we're living through, as a collision between old power hierarchies and new social networks. "Captivating and compelling." —The New York Times Niall Ferguson has again written a brilliant book...In 400 pages you will have restocked your...

Review: The Square and the Tower is the rare book that is a must read, not only for armchair intellectuals like myself, but also for academics, politicians, CEOs and those in any kind of position of responsibility. I say this not because the book is always correct, or even on point, but because several of the ideas emphasized in this book are important enough...
